

The Best Camper Conversions

From a Van to a Custom Built Campervan. Est. 2009, We are a family-run business building campervan custom conversions - based on love, attention to detail, choice and quality. We're one of the leading suppliers of campervan conversions in the Midlands, and our customers come from all over the United Kingdom.

We undertake many conversions every year to create the finest luxury camper vans, giving our customers the opportunity to explore all over the UK and Europe in style!

* Brochure prices correct at the time of printing (Oct 2025). For current prices please visit our website.

Focused on **attention to detail**

We leave no stone unturned in our quest for camper van conversion perfection!

Made with love

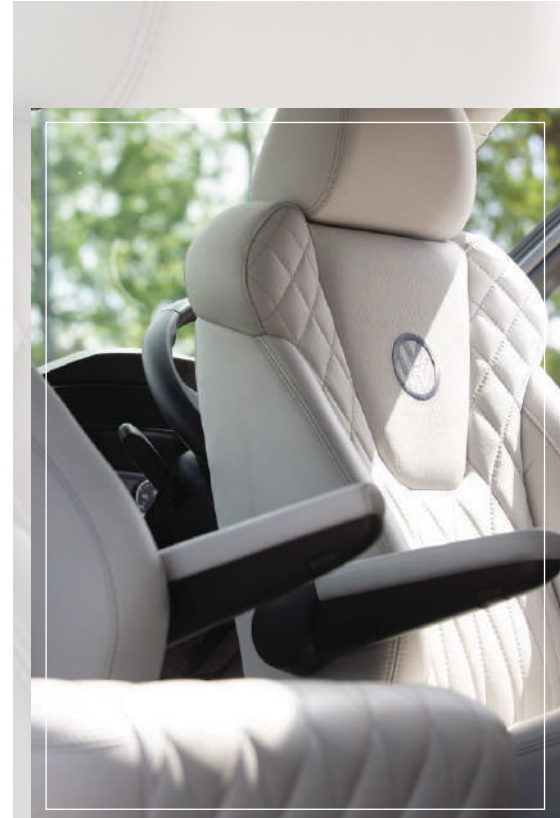

We do what we love, and we love what we do! While camper vans are our work life, they're also a big part of our personal life too - we regularly go on trips in our own VW camper van and so we're always thinking of ways to improve camper van styling, design, functionality and practicality.

Creative choices

We don't want to brag but we offer our customers an incredible choice of colours, finishes, designs, patterns, layouts, and upgrades – our custom camper combinations are probably infinite!

Quality workmanship

All our camper conversion work is undertaken by ourselves on site – we don't outsource any of it. That way we can guarantee the quality of our conversions and campers for sale, and confidently supply each vehicle with a 3 year conversion workmanship warranty.

Camper Van Conversions

We're here to turn your camper van dreams into reality!

1

Choose your
base vehicle

2

Choose your
layout

3

Choose your
extras

We can either convert your own van or we'll source a base van that meets your specific requirements. This includes colour, size, budget, and mileage, and then we'll work with you to select the right layout, roof, furniture, kitchen, beds, electrical items and accessories.

Once we have sourced your base vehicle, you can then **be as creative or as conservative as you want to be with your custom camper design.** We work incredibly closely with our customers, making sure their very own bespoke camper conversion meets the needs of their individual lifestyles. We've created conversions that can accommodate dogs and their cages; designed beds that are custom made to fit the exact size of a particular customer; tailored furniture to accommodate a customer's disabilities; and incorporated emblems into headrests, in memory of a loved one. We'd like to think there's nothing we can't do with our campervan custom conversions!

For our All Electric or PHEV campervan range, please contact us directly.

Choosing your Campervan conversion layout

1

Choose your
base vehicle

2

Choose your
layout

3

Choose your
extras

A diverse range of well-thought out conversion layouts, each in a **short** or **long wheel-base option**, allows you to select the campervan conversion layout that's right for your lifestyle. So, whether you want more travelling seats, or more sleeping space, or more storage space, you can choose what's right for you.

* All base vehicles are completely stripped out, insulated and carpet lined in the customer's choice of carpet. Price based on a standard SWB VW configuration.

**LWB
SHOWN**

Description

Our Brierywood camper conversion layout boasts a larger M1 tested 3-seater RIB Altair bed, as standard, designed in response to a growing demand for better sleeping space and 5 or 6 travelling seats.

The Brierywood has window views all round enhanced by slimline low-level furniture, this conversion layout sacrifices a small amount of storage space but provides a good balance of all the camping and day to day needs of a small family, whilst performing well as an everyday vehicle.

Features, as standard

- M1 tested front elevating roof with manufacturer warranty
- Premium M1 tested 3-seater RIB Altair bed system, upholstered in VW trim
- Under bed storage
- Handcrafted furniture with extensive cupboards in the customer's choice of lightweight Vohringer & tambour doors
- Fold away table and safe storage solution
- Dometic CRX50 47ltr fridge
- Dometic 1 or 2 burner hob and sink
- One-piece flooring, insulation and choice of high-quality non-slip flooring
- All round privacy tinted glass inc. 2 openers
- Fitted black out curtains
- 240/12v charging system with 240v charger control panel
- LED lighting
- 12v and 240v sockets and 12v USB sockets
- Under vehicle 24ltr water tank
- Full habitation certificate (to BS EN 149:202)

THE CONISTON

The image shows the interior of a motorhome, specifically the rear section. A black upholstered bed is mounted on a slide-out mechanism. Below the bed are white storage cabinets with round knobs. To the left of the bed, there are more white cabinets and a window with a grey curtain. The floor is covered in a grey carpet. The overall design is modern and functional.

PRICED FROM £16,730.00 INC VAT

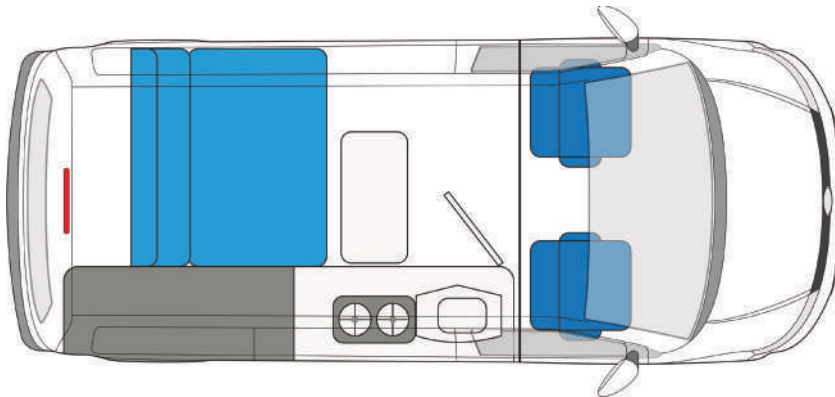

Upgraded features and extras can then be added to our standard specification for added comfort, luxury and enjoyment.

* All base vehicles are completely stripped out, insulated and carpet lined in the customer's choice of carpet. Price based on a standard SWB VW configuration.

Description

A combination of our two most popular layouts, The Coniston camper conversion offers a premium two-seater RIB Altair bed system, plenty of storage and all the necessary equipment, but with window views all around so that you can soak up the views from every angle.

This conversion layout is full of invaluable storage space with ease of access. It sacrifices a full height wardrobe in exchange for its luxurious open and airy feel, with extended worktop space. Providing a good balance for the camping and day to day needs of a small family.

Features, as standard

- M1 tested front elevating roof with manufacturer warranty
- Premium M1 tested 2-seater RIB Altair bed system, upholstered in VW trim
- Under bed storage
- Handcrafted furniture with extensive cupboards in the customer's choice of lightweight Vohringer & tambour doors
- Fold away table and safe storage solution
- Dometic CRX50 47ltr fridge
- Dometic 2 burner hob and sink
- One-piece flooring, insulation and choice of high-quality non-slip flooring
- All round privacy tinted glass inc. 2 openers
- Fitted black out curtains
- 240/12v charging system with 240v charger control panel
- LED lighting
- 12v and 240v sockets and 12v USB sockets
- Detachable water container and plumbed waste outlet
- Full habitation certificate (to BS EN 149:202)

THE CONISTON PLUS

The image shows the interior of a motorhome, specifically the rear section. On the left, there's a kitchenette area with a white countertop. Below the counter is a built-in refrigerator. To the right of the refrigerator are several white drawers. Above the counter, there's a sink with a black faucet and a small stove. In the background, there are windows with light-colored curtains. To the right of the kitchenette, there's a sleeping area with a bed that has a blue and white striped cushion. The floor is covered with a blue and white striped carpet. The overall interior is bright and modern.

PRICED FROM £19,650.00 INC VAT

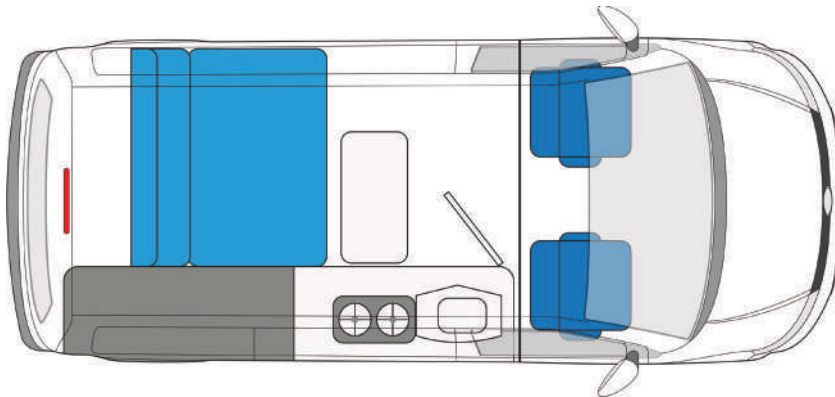

Upgraded features and extras can then be added to our standard specification for added comfort, luxury and enjoyment.

* All base vehicles are completely stripped out, insulated and carpet lined in the customer's choice of carpet. Price based on a standard SWB VW configuration.

THE CRAGWOOD

The image shows the interior of a motorhome, specifically the living and kitchen area. On the left, there are two large, black, ribbed seats with blue piping. In the center, there is a kitchen unit with a white countertop, a sink, and a built-in oven. To the right of the kitchen unit is a white table with a blue top, supported by a single leg. On the right side of the motorhome, there is a long, black, ribbed bench seat with blue piping. The floor is covered in a light green carpet. Large windows with grey curtains are visible in the background, showing a view of trees and a fence outside.

PRICED FROM £17,610.00 INC VAT

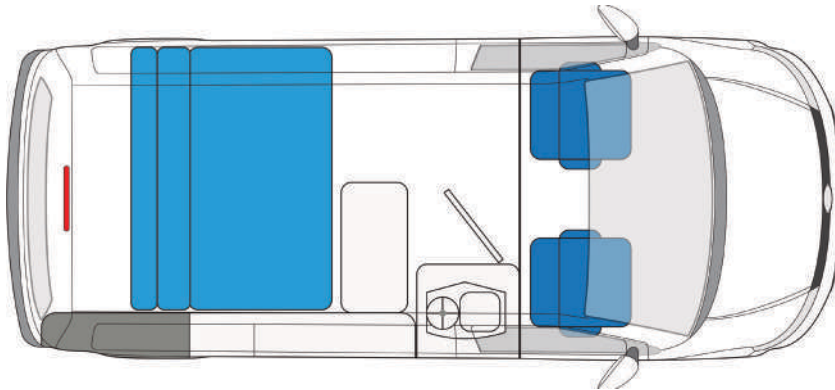

Upgraded features and extras can then be added to our standard specification for added comfort, luxury and enjoyment.

* All base vehicles are completely stripped out, insulated and carpet lined in the customer's choice of carpet. Price based on a standard SWB VW configuration.

Description

Similar to our Brierywood, our Cragwood campervan conversion layout boast a larger M1 tested 3-seater RIB Altair bed, this is an ideal layout for those wanting extra seating space and a wider 129 bed.

With slimline furniture, this layout sacrifices a small amount of storage space but offers an easily accessible wardrobe, unlike in the Brierywood.

Features, as standard

- M1 tested front elevating roof with manufacturer warranty
- Premium M1 tested 3-seater RIB Altair bed system, upholstered in VW trim
- Under bed storage
- Handcrafted furniture with extensive cupboards in the customer's choice of lightweight Vohringer & tambour doors
- Fold away table and safe storage solution
- Dometic CRX50 47ltr fridge

- Fitted black out curtains
- 240/12v charging system with 240v charger control panel
- LED lighting
- 12v and 240v sockets and 12v USB sockets
- Under vehicle 24ltr water tank
- Full habitation certificate (to BS EN 149:202)

THE HARVINGTON

PRICED FROM £22,295.00 INC VAT

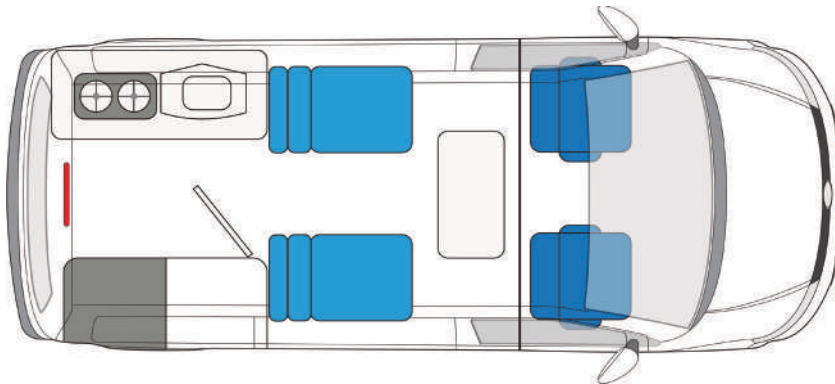

Upgraded features and extras can then be added to our standard specification for added comfort, luxury and enjoyment.

* All base vehicles are completely stripped out, insulated and carpet lined in the customer's choice of carpet.

Description

Our Harvington camper conversion layout features a rear kitchen area, to offer a more flexible camping layout. There's even space for a fitted flush toilet!

For parents wanting their children to sit closer to them near to the front of the camper or for couples planning a lot of travelling, this campervan conversion layout makes for comfortable wild camping combined with great 'go anywhere' flexibility. With lots of storage space, this 4 or 5 seater, 2 or 4 berth family campervan boasts 2 single Neptune RIB M1 tested beds with slider and integrated headrests, as standard, whilst offering housing space for a porta potti or fixed flush toilet!

Features, as standard

- M1 tested rear elevating roof with manufacturer warranty
- 2 single Neptune RIB M1 tested beds, sliders and headrests, create 2 single beds or 1 double bed, upholstered in VW trim
- Porta potti housing unit
- Handcrafted furniture with extensive cupboards in the customer's choice of lightweight Vohringer & tambour doors
- Table, central pole and storage solution
- Dometic CRX50 47ltr fridge
- Dometic 2 burner hob and sink
- One-piece flooring, insulation and choice of high-quality non-slip flooring
- All round privacy tinted glass inc. 2 openers
- Fitted black out curtains
- 240/12v charging system with 240v charger control panel
- LED lighting
- 12v and 240v sockets and 12v USB sockets
- Under vehicle 24ltr water tank
- Full habitation certificate (to BS EN 149:202)

The background image shows the interior of a motorhome. A long, light-colored table is extended over a seating area. The seats have a dark, textured fabric. The floor is a light grey. The overall lighting is bright and even.

THE RUSKEMERE & ROTHAY DAY VANS

PRICED FROM £9,960.00 INC VAT

The Ruskmere or Rothay day van campervan conversions are great 5 or 6 seater family vehicles.

Combining good storage and load area with a rear seat that turns into a full-width bed, to make this vehicle a good all-rounder for both work and play. Add a Fridge under the bed and this works perfectly for overnight camping stays. Rothay conversion includes kitchen pod.

PRICED FROM £16,750.00 INC VAT

The perfect micro-camper!

With two layout options available, we can either convert a VW Caddy Maxi Life and retain the factory rear travelling seats, provide a scaled down version of our Cragwood conversion with rock and roll bed system.

THE CRAFTER

PRICED FROM £47,299.00 INC VAT

Upgraded features and extras can then be added to our standard specification for added comfort, luxury and enjoyment.

* All base vehicles are completely stripped out, insulated, and carpet lined in the customer's choice of carpet. Price based on a standard MWB VW configuration.

Description

The VW Crafter campervan conversion is a step up in size from the VW Transporter, developed in response to increased demand for our conversion qualities being introduced into the ever-popular Volkswagen Crafter and MAN TGE market.

With an external height of 2.7m and at 6.0m in length, just 0.7m longer than the LWB VW Transporter, the High Roof MWB Crafter is the optimum choice when transforming a VW Crafter van into a campervan.

We can either convert your own Crafter panel van, MAN TGE panel van or Mercedes Sprinter panel van or we'll source a base van for conversion that meets your specific requirements.

Features, as standard

- Insulation, sound proofing and carpet lining
- 2 rear M1 tested travelling seats, upholstered in VW trim
- Handcrafted furniture with extensive cupboards in the customer's choice of lightweight Vohringer

- Passenger and driver seat swivel features
- Dinette table with central pole and safe storage solution
- 90ltr fridge with freezer compartment
- Double burner hob and sink
- Privacy tinted glass inc. 2 openers
- Rear side flairs
- Large rear fixed double bed, with breathable memory foam mattress and under bed rear garage
- Fitted black out curtains
- LED lighting. Full electrics package. 240/12v charging system with 240v charger control panel
- Onboard freshwater tank and under vehicle plumbed waste tank
- Truma combination heating and hot water system
- Enclosed fitted toilet cubicle with vanity sink
- Metal LPG gas bottle safety box with plumbed gas supply
